

DONNAL BENZON

Dublin, Ireland | +353 899544616 | donnalbenzon2002@gmail.com | LinkedIn: linkedin.com/in/donnalbenzon

PROFESSIONAL PROFILE

Early-career Data Analyst with experience in Python, SQL, ETL, reporting, dashboards, and machine learning projects, supported by hands-on work experience in Ireland across logistics, healthcare, and retail settings. MSc in Data Analytics from the National College of Ireland, seeking Data Analyst, Reporting Analyst, BI Analyst, Junior Data Engineer, or operations-focused analytical roles.

CORE SKILLS

Analytics: Python, SQL, Power BI, Excel, BigQuery, PostgreSQL, MySQL

Data Work: ETL pipelines, data cleaning, transformation, dashboarding, reporting automation

Tools: Git/GitHub, Jupyter Notebook, VS Code, AWS S3, Lambda, IAM, SAP

Strengths: Communication, teamwork, adaptability, attention to detail, time management, problem-solving

PROFESSIONAL EXPERIENCE

West Pharmaceutical Services, Dublin

Logistics Operator | Feb 2026 - Present

- Use SAP to support logistics and materials handling processes in a regulated pharmaceutical production environment.
- Pack and prepare boxes of materials used in drug-production workflows while maintaining accuracy and process compliance.
- Load and unload materials efficiently to support production timelines and operational continuity.
- Respond quickly to production team requirements to ensure materials are available without delay.
- Follow safety, quality, and operational procedures in a high-standard manufacturing setting.

Nua Healthcare, Cavan

Assistant Support Worker | Aug 2025 - Jan 2026

- Supported people with intellectual disabilities in their daily lives with care, respect, and professionalism.
- Assisted service users with day-to-day activities while promoting dignity, safety, independence, and wellbeing.
- Worked closely with colleagues to provide consistent person-centred support in a care environment.
- Built strong communication, empathy, patience, and responsibility through direct support work.

Spar, Dublin

Supervisor | 2024 - Jul 2025

- Supervised day-to-day grocery store operations and supported smooth staff coordination during shifts.
- Managed and monitored grocery, drinks, and alcohol stock to keep shelves replenished and organised.
- Helped maintain store standards, presentation, and cleanliness to support a positive customer experience.
- Supported ordering activities and ensured the shop remained well-run during busy trading periods.
- Handled customer service and operational issues in a fast-paced retail environment.

The Switch, India

Market Research Analyst | 2024 - 2025

- Conducted market analysis using SQL, BigQuery, and Python to support strategic planning.
- Automated ETL jobs to improve data availability and reporting efficiency.
- Worked with cross-functional teams in an Agile environment to deliver research-backed findings.

Plagio ED Tech, India

Data Analyst Intern | Mar 2023 - Dec 2023

- Processed, cleaned, and validated datasets to support evidence-based decision-making.
- Built Python-based ETL scripts for data extraction and transformation.
- Created dashboards and visual reports for internal teams.

EDUCATION

National College of Ireland, Dublin — MSc in Data Analytics | Expected 2025

Modules: Big Data Technologies, Predictive Analytics, Machine Learning, Deep Learning

SCMS School of Technology, Kochi — Bachelor of Computer Applications (BCA) | 2020 - 2023

Modules: Data Structures, OOP, Web Development, Database Systems, Computer Networks

SELECTED PROJECTS

Credit Risk Scoring Model — Developed predictive models for creditworthiness evaluation and improved accuracy through feature engineering.

Real-Time Credit Card Fraud Detection — Built a logistic regression model for anomaly detection in imbalanced datasets.

Heart Disease Prediction System — Created a classification model using medical datasets and improved predictive performance through preprocessing.

CERTIFICATIONS

- AWS Certified Data Analytics - Specialty (2024)
- Google Data Analytics Professional Certificate (2024)
- NSDC Master in Data Science, Certification ID 99945 (2023)

ADDITIONAL DETAILS

- Based in Dublin, Ireland.
- Open to relocation within Ireland.
- Full driving licence.
- English: Fluent.
